# - Fanfare for Tomorrow -

for mixed chorus, brass and percussion

Music and Text by  
Kentaro Sato (Ken-P)  
7/15-2004

O, let us sing a song.  
Yes, sing a song of Love!

See the bright light binds together  
What time and tears might divide.

Now, add your voice to our song,  
And give a kiss to the world!

Embrace each other,  
And we'll unite under the Wings of Love.

When you close your eyes, and listen to your heart  
You will hear whispers of love calling to you.  
When you open your mind and look into your heart  
You will see the fire within you and it says "now is the time for change."

In terra pax.  
Cantate, omnis terra.  
Sentite Amorem.

Embrace each other  
And feel love within you.  
Together we'll be the hope of tomorrow!
