Love in the

Clouds threading through the sky,
 Shining on days gone by.
 Your eyes are orbs that can foresee
 What will come and what may be!

This love is like the painted sky,
 As its colors change, but why
 Do shining sunsets on the sea
 Seem dim when you are next to me?

Gently as the sunset fades,
 Beams of light walk on the waves.
 The setting sun flows like lace,
 As I trace light across your face.
 As daylight wearies from the sky,
 Tonight I long for you and I

Clouds threading through the sky,
 Shining on days gone by.
 My passion glows like the moon in the night,
 Longing to feel the warmth of your light.
